POLITICAL GOOD SENSE THE TOPIC

Of a Talk to Webster District Republicans by Alfred C. Davis Last Night.

LET THERE BE NO SCRATCHING.

No Reason Why the Whole Ticket From Top to Bottom Should Not Be Elected.

Webster district Republicans held a most enthusiastic business meeting at their headquarters, at the Pythian Castle, last night. About 150 were present and they decided to form a Rough Rider company. About 100 of the younger men at the meeting signed the roll.

Mr. A. C. Davis, who was present to encourage the boys to join the Rough Rider regiment, was called upon for an address, which he delivered, eliciting considerable applause. His address was confined principally to local politics; the main points of which were as follows:

"The Republicans of Webster district are to be congratulated upon the successful efforts they are making toward organization. They are to be congratulated upon their efforts in the past in redeeming a rock-ribbed Democratic stronghold, bringing it into line for Republicanism, making it possible to elect a Republican commissioner, who will not sit in a county board session and recount and change enough votes to elect a Democrat to Congress, thereby annulling the will of the people. You have not forgotten that expert Democratic vote counter who used to represent this district in the county board. Have you?"

"You should not forget that the district was for some time represented by that other rock-ribbed, hard-shell, uncompromising Democrat, who not only was so far from himself as to let himself be interviewed by a Sunday newspaper reporter, giving himself away as to his real feeling towards Republicans. You remember in that interview he attacked one of our most eminent Republicans of the south, the Honorable ex-Governor Bradley, the first Republican governor of the state of Kentucky had for years, if not the first it ever had. I am not sure that I can quote the exact language he used, but in substance it was to the effect that Governor Bradley was elected by the very worst element in Kentucky, and I believe he said the governor was a blackleg and a disreputable politician. Has it occurred to you that it was not so much his hatred for the governor personally as it was his dislike for voters Republican that he said that? That's what the Democrats talk down south. They call Republicans 'niggers' there 'poor white trash,' and as our friend was born down there, are you very much surprised that he said such things? It would have been better for him had he not been interviewed that day."

"My fellow citizens, we must not forget these things. Another thing we must not forget, and that is 'others' what they would like to do to you, but do yours first.' This is a good rule to follow in a fight. I believe it is a rule that pugilists follow when they go into a scientific contest with their fists."

"I would like to know if there is anybody here who could expect to be elected sheriff on the Republican ticket in Ohio county if the county was Democratic by 1,500? If there is, let them go ask the friends of G. H. Parker and of the late Frank Johnson and of Doc Moffat."

"My friends, the office of sheriff of Ohio county has never within our recollection been held by a Republican as long as the county was Democratic. Who will say that George H. Parker was not as well qualified as George R. Tingle to fill that office? Who will say that the late Frank Johnson was not as well qualified as the late Hon. C. P. Brown to fill that office? Come down a little nearer to the present. Twice our own Doc Moffat was a candidate for that high office against Messrs. Steenrod and Franzheim, respectively, when the county was Democratic by only a hundred or two. Will anybody say that Doc Moffat was not as well qualified to fill the office of sheriff as either of those two gentlemen?"

"Any one of those elections was an opportunity for Democrats to show their liberality in politics and elect a good Republican sheriff. Did they do it? No. Well, we now have the spectacle of this Democratic going around with brass assurance, wanting Republicans in a county which is theirs by anywhere from 1,500 to 2,000 majority to elect him. My friends, don't forget the past."

"My fellow citizens, the Democrats of this county are playing a deeply planned game. They are trying to do two things, and the sooner we are all on to their game the better it will be for us. They know the county is Republican on the national ticket by 1,500 to 2,000. Through what they call their popular candidate for sheriff they expect scratching by Republicans to the extent that many tickets will be vitiated by attempts at recounting, that we will be careless and indifferent about our voting for county officers, hoping thereby to bring about sufficient demoralization in these magisterial districts, such as Centre, Union, Richmond, Liberty and other districts, to capture the county board and at least one delegate to the legislature. This is their aim, and you can bet a house and lot on it that they hope for nothing else."

"Now, why do they want the county board? For election machinery, two and four years hence. At the beginning I referred to the incident of their counting in a Democrat for Congress. They want to be in the same position again. They desire above everything else the appointment of a majority of clerks and judges at coming elections. Democrats in this county place a high value on these places. Their past record proves this. Moreover, they want to be the returning board, and, if necessary, decide again that two or three twelve. You have not forgotten this little incident, I trust."

"I warn Republicans to be careful. Weigh seriously any inclination not to vote a straight ticket from McKinley down to constable. A proposition to vote for the most insignificant office on the ticket outside of the regular straight Republican ticket is fraught with danger, and I know you will not do it."

"Bryan said in a speech a short time ago, 'Vote straight.' It should occur to us that this is a good rule for Ohio county Republicans to follow."

"The Democratic party of to-day has allied itself with Populists, free silver Republicans, anti-expansionists, and other parties with 'isms' to the tail and end of their names, and which I do not recollect at present, all for the purpose of beating McKinley and Roosevelt and what they stand for. Don't let us be fooled by a blind fusion with such a party in this county on local offices. Let us work diligently for the success of the whole ticket, and give our candidate for sheriff, Dr. Taylor, an big a majority as we give any candidate."

..POLITICS..

The Wheeling passenger committee met yesterday afternoon and acted upon the application from Chairman S. G. Smith, of the Republican congressional committee, for excursion rates for Roosevelt Day, Thursday, October 18. The committee decided to recommend a one fare round trip rate, and the recommendation is practically the granting of the rate. The rate will apply as follows:

Baltimore & Ohio—On Central Ohio lines, Cambridge to Wheeling; on Fourth division, Grafton to Wheeling; on Pittsburgh division, Washington, (Pa.) to Wheeling.

Pennsylvania lines—On Pan Handle, from New Cumberland to Wheeling; on Cleveland, Pittsburgh division, East Liverpool to Wheeling.

Ohio River—Parkersburg to Wheeling. Wheeling & Lake Erie—Canton to Wheeling. Cleveland, Lorain & Wheeling—Mason to Wheeling.

The securing of this concession from the railroad means many added thousands here for Roosevelt Day, especially from eastern Ohio and West Virginia, sections from which many applications for reduced rates have come.

Weeks in Centre.

On Tuesday evening, at Hartmann's hall, corner of Twenty-third and Market streets, there will be a meeting under the auspices of the Centre District Republican Club, with Hon. C. L. Weeks as the orator of the evening. There is no stump speaker in Ohio valley who is more effective and eloquent and logical than Mr. Weeks, and the bare announcement that he will speak in Wheeling ought to pack the hall.

The following vice presidents have been named, and will occupy seats on the platform:

H. F. Behrens,	Samuel Spring,
L. H. Holmberg,	George Miller,
C. D. Thompson,	Homers Grey,
John C. Smith,	Ed. W. Travis,

The Elkins Cadets.
The Intelligence, having received the following from a member of the old Elkins Cadets, suggests that members desiring to reorganize the club, and others desiring to join, meet on Monday evening at 7:30 o'clock, in the chamber of the first branch of council. The communication follows:

To the Editor of the Intelligence.
SIR—Do you know whether or not the Elkins Cadets are going to be reorganized this campaign? If no one has started a movement to reorganize this club yet, would it not be a good plan for some other responsible person whom you might select to call a meeting for the purpose of reorganizing the club. It will in no way interfere with the Rough Rider regiment which is starting up, and feel that the Elkins Cadets are getting their old members back to a man, to say nothing of the fifty to a hundred new members who would join. I myself know from thirty to forty new ones who are willing and anxious to join if they but call a meeting. Please give the cause your earnest consideration, and believe me, yours for the good of the Elkins Cadets, a REPUBLICAN.

Wheeling, September 28.

Webster Meeting.
The Webster district Republican club held a special meeting at their headquarters, in Pythian Castle, last night, and the attendance was the largest of the campaign. The club was visited by the drum corps of the Six Footers and by the Indian Rough Riders of Ford's Crossing. These organizations were enthusiastically received. A marching club, to be known as the Rough Riders of Webster district, was organized, and the following officers were elected:

Captain—James R. Travis.
First lieutenant—John Will Kite.
Second lieutenant—William Boylan.
Third lieutenant—Edward Kelver.
Flag bearer—David Watt.
Color bearers—William Smith.
The marching club has a membership of 124. The members of the marching club are requested to meet at the Pythian Castle this evening, when measurements for uniforms will be taken.

Professor Miller Confident.
Professor Thomas C. Miller, Republican candidate for state superintendent of free schools, was in the city for a short time yesterday on business. Professor Miller, one of the soldier Republicans on the ticket who has shown as brightly in civic and professional pursuits as he did in the campaign, has expressed great confidence in a most substantial Republican victory this fall.

BRIEF MENTIONINGS.

Events in and About the City Given in a Nutshell.
The five extra policemen ordered at the last session of council will go on duty the first of next month.

Stereoscopic views of the Passion Play will be given at St. Mary's hall, on the South Side, next Tuesday evening.

Wheeling Commandery No. 1, Uniform Rank, will picnic at Monart Park tomorrow.

The Young Men's Improvement Association give a social and supper at Monart Park tomorrow evening. The proceeds will go towards the erection of a new club house.

The council committee on police met last night and recommended the payment of the extra policemen that were employed during fair week. They also drafted an ordinance for the regulation of pawn shops, second hand stores and junk shops.

There will be two candidates for initiation to-night at Wheeling Lodge No. 1, O. C., at their hall, corner of Twelfth and Chapline streets; also other business of importance to transact. All members are asked to attend. Visitors are welcome.

WHERE JUSTICE REIGNS.

In Justice Larue's court, Frank Brecht, proprietor of the St. Charles hotel, swore out a warrant for S. E. Jones, charging him with jumping a board bill amounting to \$20.45. Jones was arrested yesterday by Officer Ed Michaels and he agreed to pay the debt and settle the costs.

In Squire Dunning's court yesterday George P. Naber, who resides at the east end of Eighteenth street, was declared insane. The complainant was his son, who alleges that he has been gradually getting worse since last June, when his peculiar actions were first noticed. He became a great chatter, and Naber is fifty-five years of age and it is thought his condition has been brought about by drink.

Railroad Personals.

C. O. Brewster, late receiver of the Wheeling Bridge & Terminal Railway Co., left yesterday for New York. Among the railroad men in town yesterday were Traveling Passenger Agent Sam Meyers, of the Union Pacific, and Traveling Passenger Agent Charles Travor, of the Chicago & North Western Railway.

W. L. McMorris, chief clerk in the office of the general passenger agent of the Ohio River Railroad, was up from Parkersburg yesterday.

"DAINTY FOOD"

Turns Pale Cheeks to Pink.

Our best physicians of the present day seek to cure patients by the use of food, rather than heavy drugs, and this is the true method, for all physicians agree that only from food can the body be rebuilt. Many people fall to give their physicians credit, for after living on poorly selected or badly cooked food for a long time, perhaps, and when their ailments become chronic, they expect the doctor, with some magic potency, to instantly relieve them.

This is not possible. The only true method is to turn as quickly as can be, from poor food to good. A young lady, Miss Alice Hendricks, employed at the corner of Fourth and Race streets, Cincinnati, O., says: "I was variously treated for my nerves, muscles, lungs, etc., but none of the treatment gave me relief from the pain."

"About a year ago my appetite failed completely and I began to have sinking spells similar to fainting, then I took all manner of food, but it did not help. I was of no effect. I had been brought to quit drinking coffee and taking Postum Food Coffee in its place, and I commenced on Grape-Nuts food for breakfast, having Postum Food Coffee with it. I found the food so dainty, delicious, and appetizing that I always looked forward to breakfast with pleasure."

"Shortly after commencing this diet, my wretched pain in the side was greatly improved, and a year later, it has gone entirely, also the sinking spells; in fact, my pale cheeks have changed to pink, I have gained back my weight, and I am feeling like a new woman, and am thoroughly well in every way."

MANY RESOLUTIONS PASSED

At Yesterday's Session—Anthracite Coal Strike Endorsed by the Tobacco Workers.

The Tobacco Workers' International Union at their session of yesterday were still considering amendments to the constitution. Thus far they are only down to the thirty-fifth section and as there are over 100 sections it will be seen that much work yet remains before the convention. It was at first thought that they would be able to adjourn to-day, but it will be impossible to transact all the business remaining before the convention before Monday evening. The amendments to the constitution are reported to be accepted by the committee and it requires considerable time to go through with the work.

Resolutions were passed at the morning session tending the moral sympathy of the association to the striking miners in the anthracite regions of Pennsylvania. Financial assistance will be tendered them as soon as they require it. Many of the delegates spoke on this resolution and they spoke in bitter terms of the operators and their treatment of the miners. Each delegate will on his return home request his local to extend the miners all the assistance possible.

Resolutions were also passed endorsing the strike of the 125 men at Covington, Ky., in the employ of Lovell & Buffington. The men are confident of winning this strike as stated by one of the strikers who is a delegate to the convention.

The matter of the fight against the Continental Tobacco Company was also taken up at the morning session. This firm was declared to be a trust and the men were instructed to carry on the boycott and induce the various unions throughout the country to assist them. This concern it is alleged, refused to recognize the unions and thus arrayed itself against all union labor. A resolution to carry on the fight with more vigor than heretofore was passed.

The committee on grievances reported various matters from different localities on which there was some dissatisfaction with their treatment, but in every instance matters were amicably adjusted.

The resolutions committee reported a resolution to the effect that an organizer be appointed to agitate the boycott among sister unions. The document recommended that men in the employ of firms not in the trust be reorganized and their goods be recommended to consumers.

They also reported a resolution that they endorse only those dealers handling union label goods. This resolution also recommended that a colored organizer be appointed to work among the colored people of the south.

The secretary-treasurer of the association was instructed to get up a circular against the trusts that are aiming a blow at their constitution and distribute them throughout the country.

It was recommended that the workers in Virginia, North Carolina and Tennessee have a separate war scale. Also that the organizer visit each locality and at an early date, especially in the south, where the condition of the workmen is pitiable.

The association is gradually working up a uniform scale. It must be done gradually because if too much is asked at one time the manufacturers would object to it. In some places of the east and north the wages are double that of the south. The conditions there are very bad. The convention endorsed the scale of Richmond, Va., which increases the wages there from ten to twenty cents on the dollar. The scale at Petersburg, Va., was also endorsed, increasing the wages thirty cents on the dollar. The association is undertaking the task of building up the conditions in the south. The whole matter has been referred to the incoming executive board, who will carefully look after the southern laborers.

It will likely be Monday before the officers for the ensuing term will be elected. Scranton, Pa., Detroit and Toledo are fighting for the next convention, with the chances favoring the first named city.

The sessions are biennial and the last convention met at Detroit. The delegates all speak highly of their treatment here and say that their treatment at Detroit was nothing compared to that which was accorded them in this city. They say they will have occasion to remember this city for years to come.

THANKFUL TO MRS. PINKHAM

Letters Proving Positively that there is No Medicine for Woman's Ills Equal to Lydia E. Pinkham's Vegetable Compound.

"I cannot say enough in regard to Lydia E. Pinkham's Vegetable Compound. It has done me more good than all the doctors. I have been troubled with female weakness in its worst form for about ten years. I had leucorrhoea and was so weak that I could not do my housework. I also had falling of the womb and inflammation of the womb and ovaries, and at menstrual periods I suffered terribly. At times my back would ache very hard. I could not lift anything or do any heavy work; was not able to stand on my feet long at a time. My husband spent hundreds of dollars for doctors, but they did me no good. My husband's sister wrote what the Vegetable Compound had done for her, and wanted me to try it, but I did not then think it would do me any good. After a time, I concluded to try it, and I truly say it does all that is claimed for it. Ten bottles of the Vegetable Compound and seven packages of Sensitive Wash have made a new woman of me. I have had no more trouble since taking the fifth bottle. I weigh more than I have in years; can do all my own housework, sleep well, have a good appetite, and no more feel that life is worth living. I owe all to Lydia E. Pinkham's Vegetable Compound. I feel that it has saved my life and would not be without it for anything. I am always glad to recommend it to all my sex, for I know if they will follow Mrs. Pinkham's directions, they will be cured."

Gratefully yours, MRS. ANNIE THOMPSON, South Hot Springs, Ark.

CHANGE OF LIFE.

"I was taken sick five years ago with 'The Grippe,' and had a relapse and was given up by the doctor and my friends. Change of Life began to work on me. I flowed very badly until a year ago, then my stomach and lungs got so bad, I suffered terribly; the blood went up in my lungs and stomach, and I vomited it up. I could not eat, scarcely anything. I cannot tell what I suffered with my head. My husband got me a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken half of it I began to improve, and to-day I am another woman. Mrs. Pinkham's medicine has saved my life. I cannot praise it enough."

It was recommended that the workers in Virginia, North Carolina and Tennessee have a separate war scale. Also that the organizer visit each locality and at an early date, especially in the south, where the condition of the workmen is pitiable.
